

CARO Analytical Services is a British Columbia based environmental analytical laboratory that provides professional analytical testing services to public and private clients throughout Western Canada. With operations in Edmonton, Kelowna, Whitehorse and Richmond CARO strives to achieve its mission of providing clients with complete peace of mind through the highest level of service, technical excellence and quality control.

Laboratory Technician duties include assisting current staff with analytical procedures, conducting analyses independently, ensuring that work is conducted in adherence with quality standards, and contributing to the overall operation of the department.

Preference will be given to candidates with:

- A degree/diploma in chemical or biological sciences
- Past experience working in a laboratory environment,
- Exceptional interpersonal and communications skills,
- Strong computer skills (MS Office, Laboratory Information Systems),
- Ability to work in a high-energy environment and handle multiple deadlines,
- Demonstrated knowledge of environmental methodologies, environmental regulations and quality management practices.

CARO is always seeking highly motivated and talented people, offering attractive potential for career advancement, with competitive remuneration and benefits.
