

CARO Analytical Services is a British Columbia based environmental and food analytical laboratory that provides professional analytical testing services to public and private clients throughout Canada. With operations in Edmonton, Kelowna and Richmond CARO strives to achieve its mission of providing clients with complete peace of mind through the highest level of service, technical excellence and quality control.

DESCRIPTION:

The Richmond operation is looking for a Laboratory Technician to join the team. Reporting to the Coordinator, the analyst will perform analytical production and developmental work and other laboratory duties as directed.

DESIRED SKILLSET:

- Good verbal and written communication skills
- Proficient with standard computer software (MS Office, LIMS, etc.)
- Good time-management, communication, multi-tasking and priority setting skills
- Ability to adapt to a changing environment
- Detail orientated & record keeping skills
- Ability to accurately follow Standard Operating Procedures (SOP's) and instructions

RESPONSIBILITIES:

- Prepares and analyzes client/QC samples using documented procedures
- Schedules workload accordingly
- Ensures that work is conducted in adherence with quality standards. Has the authority to identify non-conformances, and opportunities for improvements
- Operates instrumentation and processes analytical data
- Maintains and calibrates instrumentation
- Prepares and maintains analytical standards and reagents
- Maintains logs and records as required by quality documents
- Reviews and validates generated test data
- Maintains inventories (i.e. supply levels, storage, etc.)

EDUCATION AND EXPERIENCE:

- University or College degree/diploma in related discipline
- 1+ years of experience in an environmental or food laboratory environment
- Appropriate training, experience and/or demonstrated skill as required
- Good written and verbal communication skills, problem solving skills and ability to work independently
- Flexible in working hours (evenings, weekends) during peak periods

CARO Analytical Services offers attractive potential for career advancement, with competitive remuneration and benefits. If you aspire to a career with a thriving, fast-paced and growing environmental and food laboratory with top quality people, consider CARO. Preference will be given to members of professional associations such as ACPBC - Association of the Chemical Profession of British Columbia.
