

CARO Analytical Services is an employee-owned environmental and food laboratory that provides professional analytical testing services to public and private clients throughout Western Canada. Whether supporting a client cleaning up a contaminated site, providing water quality data to ensure Canadians have access to clean water, or supporting the government in testing our food source for potential pesticide exceedances, CARO provides the data essential to the success of these programs. CARO also happens to have a pretty awesome corporate culture thanks to a great team of employees who take their jobs seriously, but not themselves: We are charismatic scientists, driven to make the world safer and healthier.

DESCRIPTION: Chemistry Team Lead – Richmond, BC (*Maternity Leave*)

The Team Lead provides general oversight of a work area. They provide technical guidance and people-leadership to their team. As a Team Lead for CARO Analytical Services' growing laboratory network, your main responsibilities will include:
